

## 5 DIGITAL TOOLS YOU CAN USE

“Give us the tools and we will finish the job.”  
– Winston Churchill

### CALCULATORS

Thanks to the technology, you no longer have to fear numbers. With online calculators, you can complete complex calculations in a few seconds, and, thus, take better financial decisions.

**Useful for:**

Calculating Tax liability, retirement corpus, future investment value, monthly investment amount, etc.

### MOBILE APPLICATIONS

Your mobile's playstore is magical. Most of your problems associated with managing finances can be solved by downloading the right app.

**Useful for:**

Tracking expenses, creating budgets, monitoring investments, consulting financial advisors, etc.

### DIGITAL CALENDARS/ REMINDER TOOLS

Doesn't matter if you are bad with dates. You can use digital calendars and reminder notes to be reminded of important dates such as your Systematic Investment Plan (SIP) payment dates.

**Useful for:**

Making timely payments to avoid penalties, preparing financial and investment calendars, etc.

### E-BOOKS

You do not have to go to a bookstore to become financially literate. Now you can add to your wisdom and financial knowledge by reading financial e-Books.

**Useful for:**

Getting financial planning and investing tips, understanding financial jargons, etc.

### E-WALLETS

Going to a bank has always been a time-consuming task. With e-Wallets, you can send or receive money quickly.

**Useful for:**

Investing, paying bills, recharging mobile phones, booking tickets, etc.
