

WELCOME YOUR MONEY TO THE 21ST CENTURY

Technology has transformed life today. Everything has become smart, simple and more importantly, secure. Merging technology with finances will only help you be in better control of your money. Here's why:

SIMPLE PROCESSES

Today, almost all activities in life take place at the click of a button like:

This applies to money matters too! Today, you can easily instruct your financial service provider to deduct payments automatically.

WHAT YOU CAN DO:

Mutual Fund (MF) investors can opt for Systematic Plans for investments (SIPs), withdrawals (SWPs), and scheme transfers (STPs).

SMART TECHNOLOGY

What if an event takes place at an odd hour or when you sleep? You still get an instant update via your smartphone or computer. You can get information, schedule transactions, conduct banking activities, make investment decisions, etc. – everything through your smart devices.

WHAT YOU CAN DO

Look for apps, calculators, and other tools to make well-informed decisions.

SECURE YOUR TIME

Not only has technology made things easier, it has also saved your time. For example, you can transfer money almost immediately, which is helpful during emergencies!

Plus, real-time updates ensure you are in better control of your finances and make well-informed decisions.

WHAT YOU CAN DO

Sign up for auto-debit facilities, timely alerts.

GET ACCESS ANYWHERE, EVERYWHERE

When you enter an airport, you can show a copy of the ticket on your phone. Similarly, you can take advantage of digital copies of all your financial documents.

Also, you can access your account statements at any given moment - thanks to e-statements. Better yet, you can access all these from any location.

WHAT YOU CAN DO

Sign up for email, phone, or e-statements online. Keep these in digital lockers to access your financial documents with ease.

EASY TOOLS, APPS

You may not always have a calculator with you. But your phone can always ensure you are a click away from a calculator. Many other digital tools like budget, finance apps too come handy to people from all walks of life.

WHAT YOU CAN DO

Look for apps, calculators, and other tools to make well-informed decisions.
